

HANNA SAVCHENIA

SUMMARY & SKILLS

- Programming experience in Python / JS / HTML / CSS / Angular
- Analytical skills
- Hard-work
- Ability to learn easily
- Good teamwork

EDUCATION

- Basic course of programming in IT STEP Academy (3 years)
- Professional course of WEB-developing in IT STEP Academy (1 year)
- Native Russian language
- Intermediate level of French (DELFB2)
- Intermediate level of English (B1)

EXPERIENCE

- ~ 10 own projects written in structured code in HTML, CSS, JS

You can see the result of these projects on GitHub

I prefer to layout based on a design in Figma rather than in Photoshop, but I am open to any tasks 😊

ADDITIONAL INFORMATION

- I love active rest. Such as snowboarding, dancing, hiking, volleyball and other sports.
- I travel often in different cities and countries.
- I volunteer every summer on historical sites.

Nice, France
