## Technical Skills

### ➤ FRAMEWORKS :
Angular , React js , Express js , Node js , .NET , Symfony , SpringBoot , django ,NestJs.

### ➤ DATABASE
OracleDB,MySQL,PL/SQL ,MongoDB, SQLite, PostgreSQL

### ➤ Programming Languages :
C#,HTML , CSS,JavaScript,PHP, Python , JAVA , TypeScript .

### ➤ Work Environments :
Visual Studio Code, PHPStorm NetBeans, Eclipse,CodeBlocks,Visual Studio . intellij

### ➤ Version Control Tools :
Git, SVN

### ➤ Metodologies :
scrum , Agile , 2Tup

### ➤ DevOps Tools:
Jenkins,Docker Maven,Sonar, Maven

### ➤ Graphic Design Softwares:
Adobe Photoshop, Adobe Illustrator, Adobe XD

### ➤ Operating Systems :
Windows,Linux

## Soft Skills

**Media Manager**

**Problem solving**

**organisation**

## Languages

- Arabic (Native)
- French (B2 Level)
- English (B2 Level)

## About me
Self-motivated and driven, excel in completing tasks with minimal supervision. confident, a natural leader, and an enthusiastic communicator.

## Internships and Academic projects

### ➤ DevOps Project - 2024 :
- Developed a comprehensive employee management system.
- Implemented end-to-end automation for the project lifecycle.
- Ensured scalability and adaptability of the employee management system

Tools : Jenkins, JUnit,Sonar,JaCoCo,Maven, Docker ,Grafana, Prometheus , Git

### ➤ Integration and Development Project - 2024
- Designed and developed an advanced project management application.
- Ensured scalable and efficient data management for the application.
- Enhanced user experience by optimizing the interface for responsiveness and accessibility.

Tools : Node js , NestJs, React js , mongoDB , Redux , Jwt

### ➤ University project manager - 2023
- Developed and designed an advanced reservation system university
- Implemented an intuitive user interface using Angular .
- Optimized data management and system performance using SpringBoot
- Integrated seamless communication between the Angular and Spring Boot

Tools : SpringBoot , Angular , MySql , jsonServer , Scrum,Git

### ➤ Web-Mobile-Desktop Integrated Project - 2023
- Directed the entire process of designing and developing an online hospital system
- Employed Symfony for web development , JavaFX for the desktop application, and CodenameOne for the mobile application

.Tools : Symfony,Java,JavaFX,CodenameOne,MySQL,Scrum,Git .

### ERP Project Management- 2023
- Developed an ERP system integrating purchasing, accounting, and inventory management, centralizing data for real-time updates and informed decision-making

Tools : Angular , Spring , SQL

## Education

### ➤ ESPRIT : Ecole Sup Privée d'Ingénierie et de Technologies
2021-2025

Specialty/Field: Software Engineering

### ➤ Ahmed Snoussi high school
2017-2020

Specialty/Field: Bachelor's degree in Computer Science

## Certifications

- **Full Stack : Angular And Java Spring Boot E-commerce Website – 2024**
- **CCNA Cisco Certified Network Associate Routing and Switching – 2022**
