

Polyglot Electronic Engineer Management background

Dennis GOUVEA (<https://www.linkedin.com/in/dennis-g-ba4478186/>)

French Driver's Licence - Magny le Hongre (RER A)

Background:

TOYOTA - Project Manager (Custom Products) Bussy St. Georges - 2018 / 2019

Complex custom-product projects (research, feasibility studies, pricing, pre-sales and technical support) for the Electric Lift Truck division. Granted a reliable interface between R&D (in Sweden, France and Italy) and the key account sales task force.

AYRTON - Technical Support Manager (Golden Sea Lighting / Guangzhou Haoyang Electronic Co. LTD) Villebon sur Yvette - 2018

Management of a small team of service technicians working on DMX controlled Show lighting fixtures.

Implementing of a world-class electronics / micro-mechanics / optics repair shop from scratch (training, purchases, tooling, creating procedures and routines, establishing indicators and reporting directly to the CEO).

Close collaboration with R&D (Prototyping, measurements, tests, and feedback input from the field over the lifecycle of the light fixtures).
Training the sales teams.

LECHAT LAB - Maintenance and Solutions Engineer - São Paulo - 2015 / 2017

Prototyping and small-run production of experimental electronic equipment (vacuum tube amplifiers, DAC, preamplifiers, power supplies, motor drivers, temperature and speed controllers, custom-made test gear, filters and security systems). Maintenance and repair down to component level of inverters, UPS (back-up power systems), PA, CNC motor drivers and power supplies, VFD / conventional motor drivers and starters). Foresaw housing and business electrical installations (risk assessment project management, purchases, supervision of execution, inspections and testing). Foresaw the installation of back-up power systems (diesel generator + PV panels + battery bank + inverters) General Project Management. Modélisation sur Pspice et routage sur EagleCAD et EDA.

Apple - Product Specialist - Paris - 2013 / 2015

Disneyland Paris - Customer Service - 2005 / 2010 - 2012

Creative, multicultural, a manager playing multiple roles with strong team building skills. A passion for electronics and electric engineering and over 25 years of experience.
