Subject: Letter of recommendation

Dear Sir, Madam,

Being a teacher at ESPRIT: Private Higher School of Engineering and Technology for five years, I was lucky to have Mr Mohamed BENMLOUKA among my students for two years. It was an honor for me to learn new knowledge from Mohamed.

I had the opportunity to work with him on several exciting projects and by the same token, I can assure you that he is a hard-working, energetic and very talented person in everything he undertakes.

In light of all these qualities, I consider without reserve that he is a very good member and that he will be able to bring you satisfaction throughout your training.

I am pleased to remain at your disposal for any additional information you would like to see.

Please accept my best regards.

Rabeb TOUJANI
